Outside Classroom Research Form

- By regulation and according to ethical principles, research protocols are to be completed and approved for each research activity.
- Faculty need only complete the information below and submit this form to the research office.
- Please complete separate forms for each course/section per semester.
- The Research Office will review these forms and they will be kept on file in the Research Office. Contact the institutional researcher if you have questions.

Thank You

Faculty Name _____
(Please Print)

Extension _____

Semester (e.g. FA01) _____

Course & Section# (e.g. Anth-101-6759)_____

Students (aka human subjects) enrolled in the above-named course will be asked to provide information/data to be used in a research project. I (or a knowledgeable guest speaker) will review policies and procedures related to such research, specifically those which guide subjects' rights to confidentiality and disclosure, with the students. I will supervise all research in accordance with the policies established by the Mt. San Jacinto College Research Committee. I also agree to follow the ethical guidelines established by AIR, APA, and AERA, as well as all policies and regulations related to confidentiality of records and information.
