

Course Descriptions

Students interested in continuing their education or taking career training courses will have access to counseling services in their scheduled classes throughout their course. We want to better prepare our students to meet their personal goals.

ESL Courses

MSJC provides ESL students with free English classes. Our classes help students develop listening, speaking, reading and writing skills. All classes will include academic and career counseling.

Adult Basic Education & High School Equivalency Courses

Will prepare students to take the GED exam, a battery of five comprehensive examinations that when passed, offer a high school equivalency certificate. Students will be given a practice assessment to determine which areas they need to develop.

Citizenship Courses

Intended to prepare foreign born students for the United States Citizenship Application process. The course provides focused ESL instruction in United States history, government and institutions and will assist eligible individuals to prepare to become United States citizens. Students will practice listening and speaking skills in English necessary to pass the oral test with an Immigration and Naturalization Service official and literacy skills needed to pass the written portion.
