Emergency Medical Technician (EMT) 99999 ECC.EMT
Emergency Medical Technician (EMT) Advanced 99999 ECC.EMT.ADV

Program Description

CNA
This non-transfer program introduces students to the basic information and nursing skills needed to pass the state exam required for Nurse Aide Certification.

EMT
This non-transfer program provides the knowledge and skills required to care for the ill or injured person(s) in the pre-hospital care setting. It is also a first step for those individuals who prefer to work in an emergency room as an emergency room technician. Students are taught how to perform a complete patient assessment and provide multiple life saving interventions based on their assessment of the ill or injured patient. This course is primarily taken by individuals who intend to work in the field of prehospital emergency medicine and with critically ill or injured patients. This course can also be taken by individuals currently working in a similar medical employment within the medical field and there may be potential for salary and/or career advancement. Individuals who wish to take this course must have a criminal free background due to licensing restrictions imposed by national, state and local licensing agencies. The potential student must be 18 years of age. Hospital clinical and field internship hours are required. This course is a positive attendance course due to national, state and local mandates. Telemetry

Career Opportunities

All career opportunities listed are representative careers in each field. There are no guaranteed positions for students completing these programs. (See: www.onetonline.org)

Employment Concentration

Certified Nursing Assistant/Home Health Aide
Nursing Assistant, Hospital Attendant, Nurses Aide, Orderly

Emergency Medical Technician
Fire Service, Ambulance Service, Emergency Room Technician, State of California Volunteer EMT, Special Event EMT

Emergency Medical Technician, Advanced
Fire Service, Ambulance Service, Emergency Room Technician, State of California Volunteer EMT, Special Event EMT

Transfer Preparation

MSJC offers a range of course work to prepare students to transfer to four-year colleges and universities. Courses that fulfill major requirements for an associate degree in this program might not be the same as those required for transfer into the major at a four year university. All four-year institutions prescribe their own standards for course evaluation and admissions. Prospective transfer students are advised to research careers, degrees and majors in the Career/Transfer Center, access www.assist.org, review the MSJC catalog and meet with a counselor to expedite their transfer plan.

Learning Outcomes

Certified Nursing Assistant
• Prepare to successfully pass the State of California Department of Health N.A.T.A.P. exam.
• Demonstrate the fundamental nursing skills instructed in the state approved nursing assistant training program with 100% accuracy.
• Qualify to be employed as a nursing assistant and/or home health aide.
• Apply for advanced placement in the nursing department’s LVN programs.

Emergency Medical Technician
• Use clinical reasoning when verbalizing and demonstrating the proper techniques when used when ventilating an adult manikin.
• Pass the National Emergency Medical Technician exam.
• Explain and demonstrate how to use all the medications that are in the EMT scope of practice.
• Synthesize and explain the physiological effects of hypoxia on both the molecular and cellular level in a patient that presents with hypoxia.
• Analyze and employ safe scene practices while working at the scene of a traffic collision on the freeway.
• Demonstrate professional behavior and respect for all patients, coworkers, bystanders and assisting agencies in the performance of their duty as cited in the National Emergency Medical Technician code of ethics and behavior.

Telemetry
• Demonstrate skills appropriate to the level of knowledge required for entrance into employment related to the medical field.
- Analyze and evaluate cardiac rhythms through a systematic approach comparing electrophysiology to electrocardiogram wave patterns.
- Demonstrate ethical behavior in the clinical setting and maintain patient confidentiality at all times.

**EMPLOYMENT CONCENTRATIONS**

**Certified Nursing Assistant/Home Health Aide (7.5 units)**

- NURS-085 Certified Nursing Assistant and Home Health Aide 7.5 units

**Emergency Medical Technician (EMT) (12.5 units)**

- AH-120 Emergency Medical Technician I 5 units
- AH-121 Emergency Medical Technician I Basic (Refresher) 2.5 units
- AH-125 EMT-1 Basic Challenge Exam 5 units

**Emergency Medical Technician (EMT) Advanced (8 units)**

- AH-120B Advanced Emergency Medical Technician 5 units
- AH-127 Infant to Adult Basic and Advanced Life Support 3 units
