Degree(s)

**Transfer:**

A.A.-T in Geography for Transfer  
(31869 AA GEOG OPTBAAT or 31849 AA GEOG OPTCAAT)  
(using General Education Requirements Option B or C)

**Non-Transfer:**

A.S. in Geographic Information Science  
(12443 AS GEOG GIS)  
(with General Education Requirements Option A)

Certificate(s)

Certificate in Geographic Information Science  
(22145 CT GEOG GIS)

Employment Concentration Certificate(s)

Engineering  
99999 ECC GIS E  
Geographic Information Science  
99999 ECC GIS
Multimedia  
99999 ECC GIS M  
Programming  
99999 ECC GIS VP  
Visual Design  
99999 ECC GIS C

**Program Description**

The A.A.-T in Geography transfers to a four-year college and prepares students for a future in a field related to Geography. The Geographic Information Science (GIS) non-transfer Certificate and AS degree prepares students for GIS related careers which are enhanced by completion of a bachelor or graduate program. For students currently working within these fields there may be potential for salary and/or career advancement.

From local to global scales, geographers study political organization, transportation systems, marketing, economics, climate and weather, urban planning, land use development, globalization, and more. They examine distribution of land forms, study soils and vegetation, analyze limited resources such as water, and human impacts on the surface of the planet.
In general, Geographers work in government research, public agencies, and are environmental consultants for nonprofit organizations.

Geographic Information Science (GIS) involves basic to advanced analysis and scientific research methods for identifying patterns, trends and relationships that are represented spatially and temporally on maps, large databases, reports and animations. Recent advancements make it possible to analyze, interact and produce maps using cloud technology. Students enrolled in our GIS courses online have the advantage of learning advanced communication and mapmaking skills that prepare them for a career in GIS, anywhere.

**CAREER OPPORTUNITIES**

All career opportunities listed are representative careers in each field. There are no guaranteed positions for students completing these programs. (See: www.onetonline.org)

**Transfer A.A. Degree(s)**

**Geography**

For any BA/BS careers, please see your transfer institution.

**Non-Transfer A.S. Degree(s)**

**Geographic Information Science**

Geospatial Information Scientists and Technologists, Geographic Information Systems Technicians, Remote Sensing Scientists and Technologists, Remote Sensing Technicians, Precision Agriculture Technicians, Geodetic Surveyors, Surveyors, Surveying Technicians, Mapping Technicians, Cartographers and Photogrammetrists, and many discipline related fields with “GIS skills” as an occupational description.

**Certificate**

**Geographic Information Science**

Geospatial Information Scientists and Technologists, Geographic Information Systems Technicians, Remote Sensing Scientists and Technologists, Remote Sensing Technicians, Precision Agriculture Technicians, Geodetic Surveyors, Surveyors, Surveying Technicians, Mapping Technicians, Cartographers and Photogrammetrists, and many discipline related fields with “GIS skills” as an occupational description.

**Employment Concentrations**

**Engineering**

Engineering Technician, Surveying Technician, Mapping Technician, CAD Technician

**Geographic Information Science**

Geospatial Information Scientists and Technologists, Geographic Information Systems Technicians, Remote Sensing Scientists and Technologists, Remote Sensing Technicians, Precision Agriculture Technicians, Geodetic Surveyors, Surveyors, Surveying Technicians, Mapping Technicians, Cartographers and Photogrammetrists, and many discipline related fields with “GIS skills” as an occupational description.

**Multimedia**

Multimedia Specialist, Multimedia Designer, Multimedia Producer

**Programming**

GIS Programmer, Database Manager

**Visual Design**

Computer Graphic Specialist, Cartographic Technician

**TRANSFER PREPARATION**

**Geography**

MSJC offers a range of course work to prepare students to transfer to four-year colleges and universities. All four-year institutions prescribe their own standards for course evaluation and admissions. Prospective transfer students are advised to research careers, degrees and majors in the Career/Transfer Center, access www.assist.org, review the MSJC catalog and meet with a counselor to expedite their transfer plan.

**Geographic Information Science**

MSJC offers a range of course work to prepare students to transfer to four-year colleges and universities. Courses that fulfill major requirements for an associate degree in this program might not be the same as those required for transfer into the major at a four year university. All four-year institutions prescribe their own standards for course evaluation and admissions. Prospective transfer students are advised to research careers, degrees and majors in the Career/Transfer Center, access www.assist.org, review the MSJC catalog and meet with a counselor to expedite their transfer plan.

**LEARNING OUTCOMES**

- Explain the interrelationship between humans and the physical environment.
- Appreciate different cultural and ethnic perspectives within the context of environmental opportunities and challenges.
- Apply the scientific method to objective and subjective analysis of cultural and physical environments.
- Explore and critically appreciate spatial relationships at different scales from local, regional to global.
- Integrate spatial thinking with applied technology to analyze physical and cultural patterns, trends and relationships.

**DEGREES**

An Associate in Arts in Geography for Transfer will fulfill the requirements for students to transfer to a four-year college or university as a Geography major.

The major required for an A.A.-T in Geography for Transfer may be met by:

- Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University.
- The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education-Breadth Requirements.
Mt. San Jacinto College 2014-2015 Catalog

Note: Every effort has been made to keep program information current. Please use this information as a guide and consult with the chair of the department/program or an MSJC counselor.

• A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.
• Obtainment of a minimum grade point average of 2.0.

Units for Major 18-21

CSU General Education or IGETC Pattern 37-39

Possible double counting 10

Transferable Electives (as needed to reach 60 CSU transferable units) 60 units

This Associate in Arts in Geography for Transfer degree is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. A student completing this degree is guaranteed admission to the CSU system, but not a particular campus or major. Students should meet with a counselor to develop an educational plan and receive university admission and transfer requirements.

Degree in Geographic Information Science (18 units)

An Associate in Science degree in GIS may be earned by completing the 18 units for the GIS Certificate, as well as all MSJC General Education Option A requirements (for a total of 60 units).

Elective Courses (minimum 6 units)

Elective courses are identified under the following concentration areas. Students must complete 6 units (any combination) under one concentration area to earn a Certificate in GIS. Once a Certificate in GIS has been earned, additional Certificates in GIS may be awarded for completion of 6 units in other concentration areas.

List of Concentrations

- Engineering (6 units)
  - ENGR-157 Microstation I 3 units
  - ENGR-164 Plane Surveying I 4 units
  - ENGR-166 Legal Aspects of Surveying 3 units
  - ENGR-167 Global Positioning Systems 4 units

- Geographic Information Science (6 units)
  - GEOG-081 Spatial Awareness 0.5 unit
  - GEOG-082 Programming for GIS 3 units
  - GEOG-083 Spatial Database Design and Management 3 units
  - GEOG-084 Water Management with GIS 3 units
  - GEOG-085 GIS for Catastrophes 3 units
  - GEOG-086 GIS for Web Applications 3 units
  - GEOG-088 GIS Client-Based Projects 3 units
  - GEOG-149 Occupational Internship: Geographic Information Science 1-4 units

- Multimedia (6 units)
  - MUL-110 Introduction to Multimedia 3 units
  - MUL-131 3D Animation 3 units
  - MUL-299 Special Projects: Multimedia 1-3 units

- Programming (6 units)
  - CSIS-111B Fundamentals of Computer Programming 3 units
  - CSIS-214 Principles of Database Management Systems 3 units

- Visual Design (6 units)
  - ART-120 2D Design 3 units
  - ART-123 Graphic Design I 3 units
