

Mt. San Jacinto College Full Professor Application

The Academic Senate and the Faculty Excellence Committee invite you to apply to become a Full Professor. Why apply, you may ask? We value the work you do in all facets of your professional identity, and achieving Full Professor is a way your work can be recognized by the institution and your colleagues. Highlighting your exemplary work encourages other MSJC faculty to engage in similar endeavors and experiences while at MSJC. Once you're a Full Professor, you will gain the opportunity to apply for Professor Emeritus when you retire, which gives you special privileges such as email and library use. We look forward to learning about your accomplishments!

The Nominee must submit a complete application to the Faculty Excellence Committee for consideration. This will include:

1. Resume or curriculum vita (include dates and position titles for service/leadership positions)
2. 7 years of service in the field or discipline (can be indicated on your resume or curriculum vita)
3. Full copies of the faculty member's two most recent routine evaluations since the granting of tenure, including student survey results (these available from HR).
4. Reflection responses to the leadership and professional development questions below.

Earning Full Professor is met through providing evidence like the examples below. These demonstrate a continued commitment to the profession, currency in the discipline, and sustained contributions to the college. In order to be considered, the applicant must have completed year 7 of full-time employment at the institution.
