

GEOSPATIAL INFORMATION SCIENCE

Want to learn how drones and mapping tools are used to solve real-world problems?

GEOG 115 is the perfect first step into the world of GIS!

A high-demand skill in fields like:

- Environmental Science
- Public Safety
- Urban Planning
- Agriculture
- Data Analysis
- Disaster Response
- Transportation
- Real Estate
- National Security
- Public Health

Counts toward MSJC's GIS Certificate, AS in GIS, and as a CSU/UC transferable elective for the AA in Geography*

Drone Applications

Geographic Information Science Certificate
Geographic Information Science, A.S.

FALL 2025 ONLINE COURSE:

GEOG 115-1200

**Introduction to Geographic Information Science
2 Units, Aug 11 - Dec 12 (18 Weeks)**

Gain in-demand GIS skills! Learn ArcGIS Pro and ArcGIS Online (free for students) to map data and analyze patterns used in today's top careers.
