

Digital Photography Certificate

The MSJC Digital Photography program offers adult learners digital production and workflow skills. Photography students are immersed in project-based, active, and real-world production challenges as well as creative skill set development. Career-oriented photographers embark on a path of inquiry that explores visual communication by creating images with professional visual impact, industry-standard quality, and mastery of digital asset management.

Helpful Hints

Don't make the costly mistake of buying a camera before the beginning course starts. You will make a wiser purchase the longer you delay. Any digital camera you have will get you through the entire program. We offer check out equipment for professional learning capabilities. The Certificate is designed for 4 semesters, however students can complete it in three semesters.

PHO is part of the Creative Media Department and is committed to staying on the front edge of technology and software trends to give you the training you need to work in the current industry.
